**The Revolution of Fashion Industry**

Each day, we put on clothes that more than just cover up bodies. We choose clothes that represent our personalities, our moods, the times we live in, our ambitions and our desires. Who are the people behind the designs we wear every day? These fashion designers who have made fashion a huge industry, and whose work is as controversial, and as influential, as traditional art.

INFLUENCE ON CULTURE

Surrealism was officially coined, but mostly declined in popularity after 1940, but surreal artists continued to work and their influence is still strong for expressing an alternative view of the world.

SURREAL MADE FRESH

Surrealism is a painting that most represents the most representative of the movement, yet it is also the most difficult to understand. Each artist had their own unique style and approach to their work.
